## EDUCATION

### Vidyavardhini College Of Engineering & Technology

*Bachelor in Computer Science Engineering (CGPA 8.3)*

Vasai, Mumbai

Dec. 2021 – Jun. 2025

### Annasaheb Vartak College Of Arts Science And Commerce

*11th and 12th ( 92% )*

Vasai, Mumbai

Aug. 2019 – May 2020

## EXPERIENCE

### Storyvord - Frontend Developer Intern (Link)

Dec 2024 – Feb 2025

*Remote*

*Mumbai, India*

- Developed and deployed responsive web pages resulting in a 25% improvement in page load times and enhanced user experience.
- Designed and implemented a feature-rich project management dashboard using React and Chart.js, improving task visibility and scheduling efficiency.
- Followed Agile development practices, implemented component-based architecture, and ensured UI/UX consistency across platforms.

## PROJECTS

### Coder AI | *React.js, Node.js, OpenAI, Gemini API* | **Github**

Jan. 2025 – Apr. 2025

- Built a cross-platform desktop application using React.js and Node.js to capture screenshots and extract coding problem statements.
- Integrated OpenAI and Google Gemini APIs to analyze extracted problems and generate real-time, optimized coding solutions.
- Implemented global keyboard shortcuts, AI model toggling, and OS-specific controls.

### DevShares | *React, Node.js, Express.js, WebSockets* | **Project link**

Dec. 2024 – Feb. 2025

- Developed a full-stack web application enabling real-time chat, file sharing, and collaborative music streaming.
- Implemented scalable backend APIs with Express.js and managed real-time communication using socket.io for interactive user engagement.
- Designed a responsive frontend with Vite and React, integrating dynamic components including AI-powered chat, dashboards, and context-based state management.

### OrderFood | *React.js, Vite, TailwindCSS* | **Project link**

Jan. 2024 – Apr. 2024

- Developed a responsive food ordering platform using React.js, Vite, and TailwindCSS, enabling users to browse menus and manage cart items in real time.
- Implemented interactive features such as item addition/removal, quantity control, and automatic total price calculation.
- Designed a mobile-optimized, component-based interface to ensure smooth performance and scalability across devices.

## TECHNICAL SKILLS

**Languages:** C/C++, HTML/CSS, Python, SQL, JavaScript.

**Frameworks:** React, Node.js, WordPress, Bootstrap, Material-UI.

**Developer and Design Tools:** Git, Docker, VS Code, Visual Studio, Figma, Adobe XD.

## ACHIEVEMENTS

**Semi-Finalist, VCET Code-O-Fiesta Competition:** Developed a gamified entrepreneur-connect platform, showcasing leadership and project presentation skills.
